Marlaine Verhelst:

SCULPTING A DOLL IN AIR DRYING CLAY

Marlaine Verhelst presents her online sculpting class. The technique is sculpting in air-drying clay but there will be a lot to learn and to enjoy, also if you work in an other medium.

The subject is sculpting fantasy dolls based on human anatomy.

There are two keywords to this class:

simple and subtle

In simple steps Marlaine explains the sculpting process for all levels. Even if you never have sculpted before this will work for you. Subtle means that we are going to do fine sculpting. No bold noses and thick fingers but fine subtle detailing and a lot of tips and tricks.

There are four lessons: bases, face, hands, and feet and shoes.

Start : May 5th 2008

Price: \$65

Optional a kit is available for this class.

The kit contents:

One kilogram package of Darwi clay

One sculpting tool

One sculpting brush

One clay knife

2 European Styrofoam eggs, size 6 cm / 2.36 inch

2 European Styrofoam eggs, size 7 cm / 2.75 inch

2 European Styrofoam eggs, size 8,5 cm / 3.35 inch

One package of postcards for inspiration

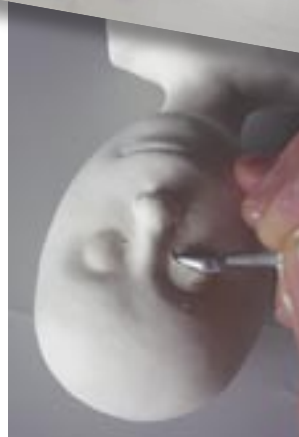

The price of the kit including shipment is:

\$ 66 (about one week delivery)

The same kit including 4 packages of Darwi clay

\$ 115 (about one week delivery)

\$ 100 (about 6 weeks delivery)
